19. (Unclassified - RJK) LIAISON Mark Griffin, on the staff of Representative Christopher J. Dodd (D., Conn.), called seeking assistance in responding to a constituent letter. The letter apparently made reference to a recent Jack Anderson article which apparently implies that DINA was in some way involved in the murder of Letelier. Griffin asked whether the Agency had made any public statement about this matter. After checking with [redacted] Office of Public Affairs, I advised Griffin that the Agency does not comment on press reports about intelligence related activities, but that he could certainly assure the constituent that if we came across any information relating to this matter we would immediately refer it to the Government agency conducting the inquiry into Letelier's murder.
